

Support and Value Expectant (SAVE) Moms & Babies Act

U.S. Senator Cindy Hyde-Smith (R-Miss.)

U.S. Representative Bob Latta (R-Ohio)

The **SAVE Moms & Babies Act** would prevent labeling changes, such as removing the Risk Evaluation and Mitigation Strategies (REMS), for previously-approved abortion drugs. It would also prevent providers from “dispensing” these drugs remotely, by mail, or via telemedicine. Lastly, the SAVE Moms & Babies Act would prevent the Food and Drug Administration (FDA) from approving new chemical abortion drugs.
